This looks good. Have we been calling it the Allied Paper Site or Allied Landfill Site in our controls? Do we need to tell her that it is a part of the Allied Paper/Portage Creek/Kalamazoo River Site (linked to the river)? Do we want to give the context that this is a part of increased outreach efforts prior to the release of the Feasibility Study? FYI, there is no projected date for the release of the proposed plan.

EPA Region5 will give local stakeholders a tour of the Allied Paper Site in Kalamazoo, Michigan on August 16, 2013. There will not be a formal presentation at that time, but EPA will respond to questions from local stakeholders.
